HEIGHTENED ALERT: TRACKING DEVICES

MEMBERS ARE REQUESTED TO BE **EXTRA VIGILANT** FOLLOWING THE RECENT DISCOVERY OF TWO TRACKING DEVICES.

The below pictured devices have been found located on vehicles belonging to a jeweller and a traveling sales representative from the West Midlands region.

'Tracker 1' was found on a jewellers car when it was being routinely serviced at BMW on Wednesday 5th April 2023. The magnetic device was discovered in the gully between the bonnet and the windscreen.

'Tracker 2' is believed to be a home-made device that was discovered on a sales rep car during March 2023.
